Education:

International Community High School

June 2022

Currently, a graduate of [International Community High School], maintaining a [3.5]. I participated in an extracurricular class called the student government, and our goal was to improve our school community and make it a better place for all the students and create activities for the students to have more fun. I also participated in a mentorship program called Speakhire that helps students to be more open about their career choices and their education. They also help students get opportunities to participate in internship programs that would help them improve their skills.

I received a perfect attendance award two times in a row which means I'm a punctual person.
